600 HDX

Pedestrian Verticutter

Rotorake 600HDX

Heavy duty verticutter and linear aerator recommended by professionals – designed for all grass types, especially warm season grass species

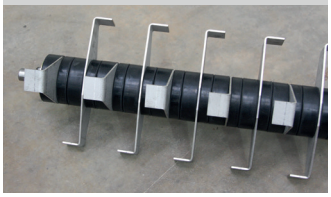

This heavy duty verticutter is equally at home when used for regular routine use at a shallow or deeper setting, especially on tough warm season grass species.

They also contribute to aeration and compaction relief by cutting clean, continuous slits to assist water and air absorption.

Unique features:

- Contra-rotating reels with specially designed tipped blades for a clean consistent performance
- Quick change reels for ultimate thatch control and removal all year round
- User friendly operator presence controls designed for maximum operator safety
- 6 forward speeds for efficiency under varying conditions and depth
- Reverse gear for maneuverability
- Incorporates independent drive to the wheels and reel
- **Reel Options:** Tungsten-tipped, saw blade verticutter, brush, sorrel roller, and fraze – for grooming, dethatching, aerating, and fraze mowing

Faze-Mo reel

Heavy duty reel used for removing unwanted surface matter and surface levelling.
